

**Time  
to play**

what the  
**FLUSH?!?**

**Which of these is okay to flush?**

**No!** Used  
Tires?

**No!** Paper  
Towels?

**?** Baby  
Wipes?

**The answer: No! Baby wipes are  
not designed to be flushed!**

Baby wipes can clog your plumbing and septic system, leading to messy toilet overflows and costly repairs. They also clog sewers and damage pumps, which costs us all big bucks.

**So place used baby wipes in the trash...every single time!**
