

Very sad times for Northern N.Y. and especially Norwood. Rod Cota longtime resident of the Village died in a horrific accident on Rte 81 near Sandy Creek N.Y..Two of his coworkers also died as well as a fourth individual in a separate vehicle. Rod will be missed and our prayers go out to his family.He died in the line of duty after transporting a patient to Syracuse. Rod was a community oriented individual always willing to help others in their time of need.

The DPW will start paving soon so be patient with any disruptions in traffic on Walnut St,River Rd and Grove St. The water plant is operating at full capacity. There are still concerns about furniture and other items for sale being left curbside for excessive periods of time.

Enjoy whats left of summer and hope for a pleasant fall.

Tim Levison,Mayor
